
OUTLOOK LIVE - JUST AROUND THE CORNER

What do you need from your email account?

- More storage
- More flexibility
- SPAM filtering

What is Outlook Live?

- Outlook Live is a hosted solution through Microsoft and is part of their Live@edu program
- Also known as - email in a cloud

What will Outlook Live give me?

- 10 GB of storage
- Use any browser that supports HTML 3.2 & ECMA
- Synchronize mailbox to your mobile phone via POP or IMAP
- Connect Outlook Live to your Blackberry device via IMAP
- Attachments up to 20 MB
- Same email address and new address too
 - The old forwards to the new
 - Borth1234@uwc.edu 
Borth1234@students.uwc.edu

When - when - when?

- Fall semester 2009

What if I need mail from my old mailbox?

- In late September, you will have about a week to forward any mail from your old mailbox to your new
- After that, mail sent to either address will end up at your new address

What do I need to do now?

- Look for information on Outlook Live in your inbox, at your campus or at <http://uwex.uwc.edu/it/support/>
